The Pittsburgh Gazette.

THE countenance given the massacre of innocent people at New Orleans, by the President and his party, has led to another fearful scene of a similar character near Baltimore. By our telegrams it will be seen that a party of roughs, armed with murderous weapons, attacked a camp meeting of innocent negroes while they were in the very act of offering their supplications to the Throne of Grace, and inaugurated a bloody riot. One white man, who was upon his knees praying, was killed, while a number of negroes were severely wounded. The rioters—reconstructed rebels of Maryland—had, we are told, the rallying cry of "How about New Orleans!" The same devilish spirit prompted both scenes, yet in this case there was no political convention assembled to provoke partizan ire, but simply a handful of innocent people with hearts attuned to peace and humility, were humbly engaged in worshipping their Creator. It is, indeed, high time that treason should be made odious, and at least some protection thrown out for the helpless black people of the north and south.

IN Philadelphia, first district, the Hon. JEREMIAH NICHOLS has been re-nominated for the State Senate. Only two votes were polled against him, a result which demonstrates the high estimation in which he is held by his constituents.

The Legislative ticket, as far as made, stands thus:

First District—George W. Ghegan.
Second District—Robert C. Tittermarry.
Third District—No nomination.
Fourth District—W. W. Watt.
Fifth District—Joseph S. Thomas.
Sixth District—James Freeborn.
Seventh District—James Sabers.
Eighth District—James N. Kern.
Ninth District—Fred. Dittman.
Tenth District—E. W. Davis.
Eleventh District—William A. Donahue.
Twelfth District—Allen Adair.
Thirteenth District—Enos C. Rener.
Fourteenth District—George De Haven.
Fifteenth District—No nomination.
Sixteenth District—David Wallace.
Seventeenth District—Edward G. Lee.
Eighteenth District—James N. Marks.

THE *Republic* of yesterday announces the following gentlemen as having been "*appointed*" the National Union Executive Committee for Allegheny county:

Hon. F. E. Volz, United States Collector of Internal Revenue, Chairman. Henry A. Weaver, Assessor; Hon. James Lowry, Jr., Collector of the Port; Jonas R. Butterfield, would be United States District Attorney; Colonel Samuel McKelvey, United States Marshal; Andrew L. Robinson, Postmaster of Allegheny City; Wm. Smith, Postmaster of Lawrenceville; Jonas R. M'Clintock; Thomas Moon.

The question now is what body of men [illegible] office-holders represent besides [illegible].

[illegible] DENNISON has been renominated for Congress by the Democrats of the Luzerne district, and the President has placed the federal patronage at his disposal to help his election. Mr. W. H. JESSUP has been removed from the Assessorship, and the Postmasters at Carbondale, Pittston, and other important towns, have been displaced. The appointees, in every instance, are Democrats of the Copperhead variety. Mr. DENNISON boasts that he has abundance of money placed at his command to make his election a sure thing.

SOME years ago, Mr. Horace Greeley, in a sentence of sentatious contempt, characterized Mr. Henry J. Raymond as "the little villian." The designation stuck, not because Mr. Greeley applied it, not because it was spiteful, but simply because it was true. In the use Mr. Raymond is making of the post of Chairman of the National Republican Committee, he demonstrates that a lapse of years has wrought no change in his composition.

THE Union soldiers of Michigan made a grand demonstration at Detroit on last Thursday evening. They think "it will be time enough to proclaim peace, when a Union soldier can visit the graves of his comrades, and the fields of his victories, wearing the Union blue, and carrying the old flag, secure from public violence and private assassination, and without a padlock on his lips, or a cover over his loyal heart."

AN AWKWARD REMINISCENCE.—Among the transparencies displayed on Broadway was one with the following inscription:

"Show me the man who makes war on the government and fires on its vessels, and I will show you a traitor. If I were President of the United States I would have all such arrested, and when tried and convicted, by the eternal God I would have them hung. ANDREW JOHNSON.

"March, 1861."

IN Susquehanna county the Republican Convention recommended W. H. JESSUP for Congress. He is a son of the well-known Judge WM. JESSUP, and is a young man of superior promise. In Luzerne the Republicans are divided between Messrs. COREY, STRONG and KETCHUM, with preponderence in favor of the latter. It is probable Mr. KETCHUM will be the candidate.

THE Convention of discharged veterans of the national armies, which will assemble in this city on the 25th of September, promises to be formidable in numbers, and eminent in the character and services of the men who will compose it. By all means let them have a welcome that shall properly testify the honor in which they are held in this fortress of Republicanism.

GEN. SHERIDAN is a soldier, and not a politician. He has attained eminence not by cabals, but by grand services. He does his duty in all relations in a courageous way. Read his latest dispatch, given on our third page, and see how he speaks of the New Orleans massacre.

THE Republicans of Armstrong county will hold a grand mass meeting on Tuesday next. Governor Hamilton of Texas, Governor Curtin, Hon. Thomas Williams, General Harry White, and Thomas M. Marshall and John M. Kirkpatrick, Esqs., will deliver addresses.

WE think when ANDREW JOHNSON promised to be the black man's "Moses," he meant a cruel joke. He had no reference to the ancient individual of that name, but had in his mind's eye the pugnacious "Mose" who figures in the riots of the Metropolitan cities.

GEN. GALLUPE, in a card which he publishes this morning, repudiates all connection with the Bread and Butter Brigade. This is precisely what was expected of that gallant soldier and genuine patriot, when an unwarrantable use was made of his name.

DR. WORTHINGTON has been renominated for State Senator in the Chester and Delaware district, and in this his constituents have acted wisely for themselves.

A REPUBLICAN mass meeting will be held at Erie, September 12th. Gov. Curtin, Col. Forney, the Hon. L. W. Hall, and Mr. F. B. Penniman are to speak.

Worth Thinking About.

Yes, attending to. A person with diseased and aching teeth is a pest to herself and all with whom they are associated. They cannot sleep at night; they are nervous and irritable during the day, in consequence of these pests; they give the victim pain in the head, ear and face, and quite often affect the lungs, sometimes the stomach. Thus they are induced to seek all kind of remedies to cure them of maladies in vain. These disturbers of rest and comfort are often allowed to remain in the mouth because the pain of extraction is so much dreaded. All these ills can be overcome by going to Drs. C. Sill and M. E. Gillespie, 28 Penn street, and take the Laughing Gas, for under their treatment this agent is entirely harmless and without the slightest pain. Artificial teeth furnished at the lowest rates, with entire satisfaction.

Philadelphia University of Medicine and Surgery.

The trustees and faculty of the above Medical College have issued "scholarships" at *seventy-five* dollars each, which entitles the holders to attend lectures until graduation or as many sessions as he wishes.

This renders a medical education cheaper than ever proposed by any University or College in this country or Europe, possessing the same extensive facilities.

There are sixteen Professors and every branch of Medicine and Surgery is thoroughly taught.

The student holding a "scholarship" can enter the college at any time during the Lectures, attend as long as he wishes, and re-enter the Institution as frequently as desired.

Persons wishing to obtain scholarships can apply to L. Oldshue, M. D., Professor of Urino Pathology in the above-mentioned College. His office and residence is No. 132 Grant street, Pittsburgh Pa.

The Two Pictures.

We entered the house of mourning. Elegance and taste was displayed on all sides. Nature, aided by art, had made that home a most attractive place. The inmates of the house had floated joyously down the river of life. Blessed with health and wealth, and the possession of an only child, they had deemed that nothing could step between them and perfect bliss. But the ruthless destroyer—death—came to desolate that happy household. The only child of doting parents was snatched away in the spring-time of life. The mother wept bitter tears over the lifeless body of her only child. The bronzed cheek of the father betrayed the feelings of his agonized heart, as it was stained with tears. Alas, they were about to consign their only treasure to the cold and silent tomb, and there would be nothing left to keep in remembrance those loved features. They refused to be comforted.

Death entered another household. They were persons of moderate means, and like the first, their household treasure had been taken away from them. Our feelings are the same when those we love are torn from us, let us be of high or low degree, and although our friends mourned sincerely the loss of their treasure, they had one comfort. When the grave hid all that remained of the loved one from sight forever, those bereaved parents had still the satisfaction of being able at any time to gaze upon those dear features. While in health, they had taken the precaution to go to Dabbs Photograph Gallery on St. Clair street, near Penn, and have photographs taken of themselves and their dear child, and so they are comforted.

The Reasons Why Hostetter's Stomach Bitters Should Have a Place in Every Home.

Because by invigorating the constitution and the frame they *avert sickness.*

Because (especially) their use prevents the atmospheric poison which produces *epidemics* from taking effect upon the system.

Because they cure *indigestion*, and impart unwonted vigor to the *stomach.*

Because they are the best *appetizing medicine* at present known.

Because they are the only preparation upon which persons of a *bilious habit* can safely rely to *keep the liver in good order.*

Because they *tone* and *regulate* the bowels, and invariably relieve them when constipated, without causing undue relaxation.

Because they *strengthen the nerves*, clear the brain, and cheer the animal spirits.

Because in case of an attack of spasms or bilious colic they are the best thing that can be administered on the instant.

Because they combine the three properties of a tonic, an alterative and a nervine in their utmost purity and perfection.

Because they are a specific against Ague and Fever and all intermittents, and with all their potency as a preservative and a remedy, are *as harmless as water from the mountain spring.*

Circulating the Wrong Paper.

At a recent temperance meeting an amusing incident took place. A strong exhortation had been delivered by a speaker present, and the President requested the Secretary to pass around the pledge for signatures, and taking from his pocket what he supposed was the document, he, without looking at it, gave it to the Secretary for that purpose. A large number of names were enrolled of both ladies and gentlemen present, and the document returned. After going through the congregation, the Secretary, on his way back, looked at the paper to see what was the cause of the amusement he observed on the part of the ladies, when it revealed to him that instead of the temperance pledge, he had passed around and received signatures to an advertisement revealing the fact that J. A. Robinson & Co's., No. 61 Market street, Pittsburgh, is the cheapest place to buy Boots, Shoes and Gaiters in the city of Pittsburgh. It is useless to add that the Secretary now sends his wife to that store for her summer and winter wear.

What Shall I Do?

How often is this question asked by those who are suffering from that most excruciating of all torments, the tooth ache. A great many persons who are thus afflicted with this most dreadful of all complaints appear to be satisfied if they can obtain temporary relief by external applications, and will say with a great deal of satisfaction, "There, I knew it was no use to have the plaguey thing pulled, it has stopped aching." Has it, indeed! Well that is just the way we argued in regard to a miserable molar that set itself up to do duty in our jaw. We nursed it, and comforted ourself with the assurance that it was all right, until one night just about one o'clock, as we had reached our comfortable home, and unrobed ourself for a good night's rest, the miserable thing gave token of its presence by a series of jumps that appeared as though it would take the top off our head. Frantic with pain, we were compelled to bear it until daylight, when we made the quickest time on record to the office of Dr. G. W. Spencer, on Penn street, just above Hancock street, where, in the twinkling of an eye, and without the slightest pain, we had the satisfaction of seeing the offending grinder laid upon the stool at our feet. It is almost unnecessary to add that the magical operation was performed with the aid of laughing gas.

Troubles in Mexico—Central American Affairs at Valparaiso and Callao News from New Zealand, &c.

NEW YORK, Aug. 31.—The steamer Arizona brings Panama dates 23 [illegible]. The troubles in China still continue. The rebels were reported in possession of the central department including the Capitol, David. They are about 400 men under arms. The cause of the trouble is the course pursued by the present Government and over taxation. The remainder of the State is comparatively quiet, though efforts are making to get up a revolution in Panama.

Presentation to Secretary Harlan and Judge Edmunds—Assumption of Duties.

WASHINGTON, Aug. 31.—At 1 o'clock this afternoon, Mr. Harlan was relieved from the Department of the Interior. The heads of the bureaus and clerks in the department united in presenting to him a valuable service of silver, accompanied by an appropriate address. Mr. Harlan appeared much affected by this manifestation of respect, and in a short speech returned his thanks, paying a tribute of gratitude to his subordinates for their faithfulness and devotion to business during his administration of the affairs of the department. Subsequently, the clerks presented to him an autograph album containing the signatures of nearly all the persons in the department.

A few minutes after the conclusion of these ceremonies, the clerks of the General Land Office presented to Judge J. M. Edmunds, whose official connection with the Land Office ends to-day, a silver ice pitcher and four silver goblets, together with a full set of the American cyclopedia, handsomely bound. The addresses were brief, but appropriate and impressive.

To-morrow—September 1st—Mr. Browning will assume the duties of Secretary of the Interior.

Judge Edmunds, who to-day was relieved from the office of Commissioner of the General Land Office, will immediately assume the duties of Postmaster of the United States Senate, to which he has been appointed.

Cotton Growers' Association Report—Abatement of Cholera.

NEW ORLEANS, August 31.—The Mississippi Cotton Growers' Association correct the deductions made from their report, and say they expect not over two hundred thousand bales in Mississippi, and not over twelve hundred thousand throughout the country.

The tendency as to disease is declared to be the steady abatement of cholera, and the continued, but slow increase of fevers, the freedmen being proportionately the greatest sufferers. The Bureau, in this respect, seems to give little or no attention to the freedmen.

RIOT AT A CAMP MEETING.

New Orleans Massacre Re-enacted

A WHITE MINISTER KILLED.

LARGE NUMBER OF NEGROES BEATEN.

Preconcerted Action of Desperadoes.

TENTS BURNED BY THE RIOTERS.

FEARFUL SCENES----GREAT EXCITEMENT.

BALTIMORE, Aug. 31.—Last night an attack was made on the colored portion of the camp meeting held at Shipley's woods, three miles from Hanover Switch, on the Washington road by a band of armed desperadoes. Several negroes were badly beaten and wounded, and a white man named Milton Benson, while at prayer was shot in the back of the head and mortally wounded, the ball coming out of his mouth. As far as can be ascertained, the following are the facts in this outrageous affair: A white camp meeting attended by many ministers of the M. E. Church of the North Baltimore district, of which Mr. Lanahan is the Presiding Elder, was being held at the place before stated. The Rev. Messrs. Speake, Reid and other ministers officiated at the white meeting near which, under the auspices of the same, some colored people were holding a camp exercise also.

During yesterday afternoon a number of young men were noticed in the camp ground, having pistols on their persons. These were, so far as can be ascertained, residents of the surrounding neighborhood. No disturbance occurred during the day. About midnight, whilst the colored people were conducting their religious exercises, they were suddenly set upon by a gang of men making loud shouts of epithets and imprecations. The attack commenced with the beating of a negro while on his knees. The negroes at once rose up, and a scene of wild and indescribable excitement ensued, the women screaming in terror. Shots were fired by the assailants, but it being dark, few are supposed to have taken effect. The colored men rallied, and turned upon the assailants, and drove them off two or three times, whilst the women fled toward the white camp. Many of the colored people were wounded with clubs, and there were some flesh wounds from pistol shots. Some of the colored men had pistols, and used them freely upon their assailants, but with what result is not known.

Finally the conflict ended through the persuasion of the white ministers and others, by the colored people leaving the ground and seeking their homes, leaving their camp to the desperadoes, who further gratified their unmanly spirits by piling their tents and effects of the negroes, including bundles of trunks and clothing in a heap and setting fire to the pile, destroying all. The white man shot as first mentioned, was at prayer at the altar in the white camp, where Mr. Speake was conducting the exercises; by whom the shot was fired is not known, but the friends of some of the ministers believe that it was fired by some of the white rioters, who intended it for a prominent Methodist minister. How this may be is impossible to say; others think it was a stray shot, which is very probable.

Our informant says the white men certainly began the disturbance while the colored people were engaged in religious exercises. The assailants are reported to have used various rallying cries, among which was heard the expression, "How about New Orleans." There are many exciting and doubtless, more or less exaggerated, stories circulating about the affair, but the above, as far as can be at present ascertained, seems to be authentic.

THE PRESIDENTIAL EXCURSION.

FONDA, N. Y., August 31—9 [illegible].—The President, General Grant, Admiral Farragut, and Secretary Welles appeared on the platform, the train having halted. Cheers were given for each of them. Repeated calls were made for Secretary Seward, who came forward and bowed his thanks amid applause. He said, "Let me tell you that one thing may be found in the Scriptures, if you will only carefully look for it, and that is, a great man never lives at home." [Laughter and applause.]

As he retired the President made a speech.

LITTLE FALLS, 10:30.—The train here stopped for a few minutes. A gentleman advanced from the crowd and said: "In behalf of the people of the valley of the Mohawk and the hills of Herkimer, we tender to you a cordial welcome. We are happy to see you among us, and trust that by your wisdom and firmness we will soon see all the States restored to their proper place in the Union."

HERKIMER, 11:10.—A gentleman here said to the President, that the compliments and respects of the people were tendered to the President without regard to party. Mr. Seward here, as at the places previously passed, successively introduced the President, General Grant, Admiral Farragut, and the Secretary of the Navy. "All I ask you to do, he said, is to stand behind them. The President in the course of his address, said, that the country having passed through a war, something else remains to be done. The Executive Department has performed its duty. He had endeavored to perform his. We must take a bold standfrom on the Constitution. It has carried us through the rebellion, and, if the people will do their duty, all will be safe.

UTICA, Aug 31, 11:45.—The party stopped at this place about thirty minutes, when they were escorted to a stand especially erected for the purpose. The Hon. C. H. Doolittle made a long speech, welcoming the visitors in the name of the people, without distinction of party, to Utica. He paid a glowing compliment to the patriotism of the President, saying his past history showed he would be true to the Constitution and protect and defend it. The President was greeted with cheers. He said:

FELLOW-CITIZENS—In tendering to you my grateful acknowledgement language fails to convey to you the feelings and emotions which this occassion has produced. I confess that to receive such a welcome from the people in a central city of New York, a welcome without distinction of party, is a compliment, almost, overwhelming. Please accept thanks from a heart which, if I know its feelings and emotions, beats in the interest of the country and the great mass of the American people. To be welcomed without distinction of party shows that the country is rising above party, that we are forgetting party combinations and associations, and are coming up to the rescue of the Constitution.

It has been said recently with regard to me that it would not do to bring my head to the block like James the Second, but that I must be got out of the way because I am standing by the Constitution. Let me here say in parting, that I love this country, I have filled my whole life for it and placed all at stake for it. If the worst must come, and those they want, take me if necessary to save my country and pour my blood on the altar as a last libation.

ROME, N. Y., 12:45.—There was a dense mass awaiting the Presidential party, and when they arrived, the Mayor of Rome delivered a speech on behalf of the authorities and citizens, greeting the President, and rejoicing that the robes of office of Andrew Jackson have fallen where they fit so well. (Applause.) The President briefly responded by saying among other things that if the accounts of this human affair could be communicated to the dead old Jackson to whom the speaker had referred, would turn over in his grave and burst from his coffin and leaving the habiliments of the dead, would raise his long arm and extend his bony finger and say as of old, "By the Eternal" the Federal Union shall be preserved. [Cheers.]

SYRACUSE, 2:30, A. M., Sept. 1.—Thirty thousand people are estimated to have turned out to welcome the party. The Mayor delivered an address here, also expressing confidence in the President. He replied by referring them to his public acts.

AUBURN, August 31—3 A. M.—The entry into the city was triumphal, a runaway buggy dashed against the carriage in which were the President and Secretary Seward, causing much excitement. At Seward Park a platform was erected, from which the President acknowledged the compliments of the Mayor; at Willow Grove, on Owasco Lake, an elegant dinner was served, the President briefly responded to the first toast; Grant, Farragut, Romero and others were then similarly honored. The banquet broke up at a late hour in the best of spirits.

NEW YORK, August 31.—Only three cases of cholera are reported in the city to-day. But two cases are on the Brooklyn health bulletin to-day.

St. Louis Cholera Report.

ST. LOUIS, August 31.—Eight cemeteries report thirty-seven cholera interments for yesterday.

JOHN FORSYTH, a delegate from Alabama to the rebel Union Convention, in a letter to his Journal, the Mobile *Register*, dated Philadelphia, August 16, says:

"A distinguished Connecticut delegate came into the room of our delegation, and, when introduced, observed, 'Here is a hand unstained by Southern blood.'"

The boast, thus significantly republished, explains at once the closeness of the tie which binds the Copperheads and rebels, and the unfortunate attitude of the Union soldiers who have been entrapped into the new party.

DRAWING IT DELICATELY.—The chairman of a late county meeting of "My Policy" men in Franklin, Venango county, alluded to the war of the rebellion as a lit-

CITY AND SUBURBAN.

(ADDITIONAL LOCAL NEWS ON THIRD PAGE.)

Grand Rally of the Boys in Blue—Patriotic Speeches by Distinguished Speakers—Organization of the Boys in Blue—The Battle Commenced in Earnest.

An audience assembled at City Hall last night, who—if looks, words and enthusiasm count for anything—are determined that the coming contest shall be the most severely fought of any that has come off in the Keystone State. The object of the meeting was to organize the Boys in Blue—to make preparations to form them into companies, battalions, regiments, divisions and corps in every district and every sub-district in the county.

At the hour of past seven the meeting was called to order by John H. Kerr, Esq., who moved that General J. S. Negley be appointed temporary chairman.

The General ascended the platform amid the applause of the audience, and having expressed his thanks for the honor conferred upon him, he explained the object of the meeting in a few words. He then remarked that before proceeding to business he would introduce Hon. F. B. Penniman, of the *Gazette*.

Mr. Penniman remarked that he did not come here this evening expecting to address an audience, but the temptation thus presented was too great for him to resist. He said that he was under the impression that the recent contest was not over. All thoughtful men must have seen that after the conflict of arms, there would be a conflict of opinion, and that there would be a vast discrepancy of opinion between loyal and disloyal men. This peril of Peace is the peril that loyal men are called upon to confront. Military men understand what they had to resist in the field, but here is a different thing which you are called upon to resist. I told the people last fall that a new part was in progress of inception, and that it was composed of three parts. First, the rebel element; second, the Democratic or Copperhead element, and third, the Conservative element in the Republican party. The larger element would naturally be the controlling one, and that is the rebel element. In case they should succeed, the laurels would be stripped from the brows of Grant, Sheridan, Farragut, Sherman, Thomas and Negley, and would be transferred to Lee, Beauregard, and other rebel leaders. The wearing of the grey would be the badge of honor, while the wearing of the blue would be the badge of disgrace. You hear a great many quibbles about the constitutional rights of rebels, as though rebels had any rights under the Constitution, except the rope. What do the people of the South care for the laws or the Constitution? Why their sudden love of the Constitution and the laws? The answer is that they may hold the reins as they did for thirty years.

Mr. Penniman spoke for a short time in regard to the object of the organization in contemplation by the present meeting, and urged every man to be up and doing. Having been riding all the previous night in the cars, and not having been well for some time previous, he begged leave to close his remarks. The synopsis of his remarks, as well as the gentlemen who followed him, is necessarily brief, and if we only succeed in giving the sense of their speeches, we shall be satisfied.

At the conclusion of Mr. Penniman's speech, the Chairman announced that the meeting would go into an election of officers.

General A. L. Pearson moved that a committee of five upon permanent organization be appointed.

The President appointed Captain Smith, Chairman; General A. L. Pearson, Colonel T. M. Bayne, Captain Sam Harper, and Col. Gallupe as the committee.

On motion, Rev. Mr. M'Gaw, of Temperanceville, was requested to address the meeting.

He said he had sent four sons to the army to fight the battles of their country, and I told the boys that if any of them came home shot in the back from cowardice, I would whale them. I would have gone myself, but the doctor said I was not fit. I told the boys that while they were shooting bullets in the field I would be shooting ideas at the Copperheads at home. Thank God, my boys all came back to me safe, though they had received wounds. I am now as ready to fight for principles as I was to send my boys to fight rebels. The war is not over. To be sure the tramp of armed men and the rumbling of artillery is no longer heard, but there is still an enemy we have to meet. We have a higher duty to perform. The men who served in the military ranks are the ones now to protect civil rights. Let the military join in organizations of this kind, and as they made the grey a badge of disgrace, they will make the blue of honor. I pronounce this Government the most magnificent exposition of human rights that was ever writ upon the pages of time. For thousands of years the rights of men have struggled for existence, and down to the present moment, until within the last five years, they have been brought out and placed upon a pedestal to be seen of all.

Every man, black, white and red shall have their rights in this country. The boys in blue fought for it in the field, Andrew Johnson and his cohorts to the contrary notwithstanding. The Great Governor of Nations appears to have selected this continent, with all its great beauties for his last glory—for the rights of man. Let us maintain those rights. While I was not in the field I was represented there, and when I cease to breathe, lay me down to rest on American soil, with the old flag waving over me, and all will be right.

During his speech he was frequently applauded, and at the conclusion it was loud and long.

The committee on permanent organization then presented the names of the following gentlemen to act as officers, which report was adopted:

President—Gen. J. S. Negley.

Vice-Presidents—Major Jos. Brown, Col. W. B. Seeper, Capt. C. T. Ewing, Lieut. Robert B. Parkinson, Sergt. John H. Kerr, Sergt. W. Shore, Lieut. Albert G. Lucas, Col. D. H. Megraw, Lieut. W. S. McCune, Capt. R. G. Hare, Private John B. Wilson, Capt. E. A. Montooth, Capt. Wm. Doyle, Private James Barker, Private C. C. Cockrill, Gen. Charles Barnes and Jesse H. Lippincott.

Secretaries—Lieut. John G. McConnell, Sergt. Samuel Hill, Sergt. Ed. Abel, Capt. G. W. Perkins, Lieut. J. Henry Miller and George W. Little.

Capt. McConnell then read an address from the State Executive Committee, of which Brig. Gen. J. T. Owens was Chairman.

General Pearson moved that the chair appoint a Committee of three from each ward and district in the County, to form companies, regiments, &c.

On motion of Capt. Harper the number was increased to five, General Pearson accepting the amendment.

The President requested the members of the organization to hand in the names of such as they would like to have serve on these committees.

General Pearson then moved that Colonel Bayne and Captain Harper be requested to address the meeting. The late hour at which these speeches were prepared for the printer's hands, prevents us from presenting them to our readers, but we are sure that nothing more is necessary for us to say than they breathed the true spirit of patriotism and loyalty.

At the suggestion of Col. Bayne, committees were appointed from each sub-district, to obtain the names of all the Boys in Blue, the same to be called the roll of honor.

Capt. Harper moved that the principles enunciated in the address of General Owens be those that will guide the Boys in Blue. Carried.

The following gentlemen were appointed as the Executive Committee: Gen. A. L. Pearson, Sergt. John H. Kerr, Capt. Sam. Harper, Capt. Challant and Lieut. W. B. Cooke.

Col. Bear, of Lancaster, being present was introduced and addressed the meeting in a brief but pertinent speech, after which the meeting adjourned to meet at the same place on the 7th of September.

Meeting of the Union Executive Committee.

Pursuant to announcement, the Allegheny county Union Executive Committee held a meeting yesterday afternoon, at Headquarters, City Hall, John W. Riddell, Esq. presiding. The following is an abstract of the business transacted:

The Committee on Naturalization reported favorable progress.

The Committee on Badges reported that Union men of Allegheny county desiring to participate in the excursion to Philadelphia, should register their names and procure badges at Headquarters.

The Committee to make arrangements for the delegation visiting Philadelphia, reported that the Penn'a. Railroad Company had kindly consented to issue excursion tickets up till Monday night.

A communication was received from the Committee on the Soldiers' and Sailors' Convention, in reference to the forthcoming national meeting.

Messrs. John Herron, of Shaler township; Gen. Barnes, city, and Alexander Patterson, of Manchester, were, on motion, added to the County Executive Committee.

Messrs. Penniman, Myler and Heath were appointed a Committee to represent the Executive Committee, at the meeting to be held by the soldiers and sailors. (Last night.)

On motion, N. P. Reed, Esq., of the *Gazette* was added to the Committee on Printing.

On motion adjourned.

Female Adornment.

History does not carry us back to that epoch in which the adornment of the last, best gift to man, was neglected. Go where you will, among the savage tribes of the South Sea Islands, or to the crowded courts of the old world, the adornment of the female portion of the community is of paramount importance, and is always to be considered. Some person has said that the young ladies make the fashions. So they do, but the old folks follow them, and we do not blame them. Young ladies love to be admired, and they are very well aware of the fact, that they are never so much admired as when they are handsomely dressed. It is a question then of the greatest importance to them, to ascertain where they can get the handsomest goods, and during these awful stringent times, to know where they can get them at the lowest prices. But this question is now about settled, for it is generally conceded by all the belles that Bates & Bell, No. 21 Fifth street, is the place to go for dry goods, or any of the thousand and one articles pertaing to a ladies' wardrobe. And that is the reason why there is always so great a crowd in that vicinity.

Destroyed by Fire.—The extensive Steam Portable Engine and Saw Mill Works, of Messrs. H. & F. Blandy, of Zanesville, Ohio, were entirely destroyed by fire on the night of August 25th. Loss over $100,000. They immediately put a large force at work, and intend to have their works entirely rebuilt and in operation inside of two months. In the meantime they have doubled their force at their Newark (Ohio) Works, and will promptly supply all demands for their Portable Engines and Mills. Their Newark Works are said to

Meeting of Citizens at Masonic Hall—The President Invited to Visit this City.

There was a meeting of citizens held at Masonic Hall last evening, for the purpose of extending to the President, and those accompanying him on his present tour, an invitation to visit this city on their return from Chicago. The meeting was called to order by J. Bowman Sweitzer, who nominated the following gentlemen as officers of the meeting:

President—Hon. Robert McKnight.

Vice-Presidents—Col. James B. Morgan, Col. William Phillips, Hon. Walter H. Lowrie, Col. R. Biddle Roberts, Gen. George W. Cass, Gen. James S. Negley, David Robinson, Esq., John S. Hall, Esq., Robert Wallace, Esq., William H. Smith, Esq., Capt. John Birmingham, James Herdman, Esq., Francis Sellers, Esq., Col. Billings G. Childs, Andrew Humbert, Esq., Capt. Wm. F. Irwin, Charles W. Ricketson, Esq., Gen. T. A. Rowley, Major William McCandless, Col. S. M. Wickersham, Hon. James P. Barr, Gen. S. B. M. Young, Major William Piper, Col. Joe Brown, John H. Bailey, Esq., Major Joseph G. Knap, Samuel Morrow.

Secretaries—Representatives City Press.

Mr. McKnight, on taking the chair, made a brief speech in which he stated the object of the meeting was to extend to the Chief Executive of the United States an invitation to visit our city on his return to Washington. He held that all party prejudice should be smothered on this occasion and that all—no matter what their political affiliations might be—should join in giving a warm welcome to the Chief Magistrate. He was applauded throughout and at the conclusion of his remarks Samuel Morrow, Esq., presented the following preamble and resolutions which were unanimously adopted:

WHEREAS, The President of the United States, accompanied by Secretaries Seward and Welles, General Grant, Admiral Farragut and other distinguished gentlemen, is now on a visit to Chicago to lay the corner stone of a monument to the memory of the late lamented Stephen A. Douglas, and is expected shortly to return to Washington. Therefore,

Resolved, That a cordial invitation is hereby extended by the people of Allegheny County, without distinction of party, to the President and company to visit Pittsburgh on their return, and to accept the hospitalities of our citizens.

Resolved, That the chairman of this meeting appoint a committee of invitation of nine persons to communicate our wishes to the President and those accompanying him, and if the invitation be accepted to ascertain when they may be expected to arrive.

Resolved, That on the acceptance of this our invitation, the chairman of this meeting, appoint a committee of arrangements, of not less than thirteen persons, to provide for the suitable reception of the parties invited.

At the request of John S. Cosgrave the Hon. Walter H. Lowrie came forward and made a brief speech which was listened to with considerable impatience. When he had finished, the chair announced the following as the Committee on Invitation:

Committee on Invitation—Hon. Wilson McCandless, Chairman; General Thos. M. Howe, James J. Kuhn, Esq., General Geo. W. Cass, Hon. Thomas Mellon, George L. Gilmore, Esq., N. P. Sawyer, Esq., John H. Shoenberger, Esq., Hon. James P. Barr, Hon. R. H. McKnight.

When the Committee had been announced a motion was made to adjourn, pending which John N. McClarran took occasion to address the meeting from the rear of the hall. He deprecated any political speech making on this occasion, and hoped that the citizens of all parties would unite in tendering to Andrew Johnston, as President of the United States, the hospitalities of the city.

The meeting adjourned after giving three cheers for the President, Gen. Grant and Admiral Farragut.

Amusements.

A large and fashionable audience greeted Lawrence P. Barrett, last evening, at the Opera House, it being the occasion of his farewell benefit. The beautiful play of "The Wife," and the amusing comedy of Don Cæsar de Bazan were produced in excellent style. St. Pierre of Mr. Barrett was very good, and during the evening drew forth frequent plaudits from the discriminating portion of the audience. Miss Waite never looked better or more bewitching, than in the humble robes of the Italian wife. She acted the *role* with an easy quiet grace, which is the chief cause of her popularity, and which will eventually win for her an envied position in the profession she has adopted. The rest of the cast was in good hands. We would be doing injustice to Mr. Hess, if we did not mention particularly the admirable manner in which every piece is placed on the stage, nothing being omitted by the management that would in any way contribute to the success of the play. Miss Lucille Western, who has gained quite a reputation for her effective rendition of Lady Isabel in the domestic drama of East Lynne, will commence a brief engagement at this house on Monday evening.

The Theatre, under the able management of Mr. Henderson, opens for the fall and winter season this evening. We have, from time to time, alluded to the character of the improvements that have been made in this house since the close of last season, and it is, therefore, unnecessary to again refer to them. Suffice it to say that this theatre will now vie with any similar establishment in the west. The new drop act, by the scenic artist, Arthur Palmer, is the very emblem of neatness and artistic taste, while the paintings and decorations are of the most beautiful and elaborate description. The company engaged at this establishment is composed of some very excellent artistes, among whom are Miss Kate Estelle, from the Broadway Theatre, New York; Miss Alice and Kate Cole, from the Chestnut Theatre, Philadelphia, Pennsylvania; Grace Darley, from the Royal Theatre, Dublin; Annie Bacon, from Woods, Cincinnati; Mrs. Thornton, from Albany; Mrs. J. Miller, from the Bowery, N. Y.; Mr. C. W. Gozzswell, this city, W. L. Ashly, Albany, J. P. Sutton, Howard, Boston; G. Kyarr, Indianapolis, and G. Grey, Memphis.

The eminent *Tragedienne*, Mrs. Emma Waller, will open at this house on Monday evening in her celebrated role of Meg Merrilies in the dramatization of Sir Walter Scott's novel of "Guy Mannering."

The elegant and commodious Academy of Music also opens to-night, with an excellent stock company, under the management of Miss Nellie H. De Lee. This is, beyond question, the finest dramatic temple in the West, and with such histrionic attractions as the manageress promises to put forth, it cannot do otherwise than succeed. Dion Bourcicault's sprightly comedy of "London Assurance," with Miss Kate Estelle in the role of Lady Gay Spanker, and the farce of the "Rough Diamond" form the opening bill, which should be sufficient to attract an immense audience. We are assured by the manageress that nothing will be left undone to make this theatre worthy the patronage of our citizens. In addition to the strong stock company, a number of prominent stars have been engaged and will appear in rapid succession. Miss De Lee has our best wishes for the success of her commendable enterprise.

At Trimble's Varieties business still continues good, and crowded houses reward the efforts of the wide-awake managers. A rare bill of attraction is offered to-night. Every arrangement for the accommodation of the audience has been made, and the best of order is maintained. Few similar places of genuine fun and amusement can be found in America. The company embraces some of the most pleasing and talented of actors and actresses, and enjoyment of a rational character may be anticipated by all who attend.

A Card from Gen. Gallupe.

PITTSBURGH, August 30, 1866.

Editors Gazette:—Having taken part more or less in politics since my return from the army, after the close of the rebellion and subjugation of rebels, and as I consider it opportune for all men to so do, I will, in a few words, state where I stand politically. I feel so impelled from the fact that I solicited a position under F. E. Volz, Esq., successor of the removed Internal Revenue Collector of the Twenty-second District. To place myself square on the record, I have to say—

1st. I do not approve of President Johnson's Policy, and believe that if it should prevail, all the blood and treasure spilled and spent in the four years of war to maintain the Union was for naught.

2d. If Radicalism consists in opposition to late rebels resuming places in the councils of the nation until they have purged themselves of their treason, then I am a Radical.

Hitherto I have been identified with the Whig and Republican party, and there is nothing in the present situation to cause me to change front.

All the most fashionable parlor and ball room dances will be taught, together with the most approved etiquette for the Ball Room or Social Circle. In addition to the variety taught last season, he will introduce a number of Cotillions, Quadrilles and Waltzes, which are now the favorite dances in eastern cities.

Get the Best—They Always Give Satisfaction.

Every week, Dr. Quincy A. Scott is called upon to insert Artificial Teeth in cases where other dentists have tried, been paid, and failed, and in every case his work gives entire satisfaction. He is quite an artist in his line of business, and has merely to examine a case to know how to articulate the teeth so that they will present a handsome and natural appearance, and will masticate the food thoroughly. *His prices are lower than those of any dentist in the city*, and he will guarantee his work to be superior, so it would be better for any of our readers who are in want of teeth, to call upon the Dr. in the first place, and thereby save their time and money. We would also assure those persons who are suffering with diseased and unsightly teeth that they can have them extracted *without any pain whatever*, by calling upon Dr. Scott. He has extracted for over *ten thousand* persons within the last seven years, and among this large number there is *not one case* in which his process has proved injurious. On the contrary, he can refer to numbers of his patients who claim to have been benefited in renewed health. He extracts numbers daily by the new "Rhigolene or Vapor" process, and gives pure Laughing Gas to those who desire it, without charge. He makes no charge for extracting when artificial teeth are ordered, and gives a full set on Vulcanite, with beautiful gums, for eight dollars. PEACE.

This time the Cable has told the truth. On the 26th of August the ratifications of Peace were signed by the Plenipotentiaries of Prussia and Austria, and the King of Prussia having signed the treaty, it was sent back to Prague for exchange. Thus the great struggle for mastery in Germany is ended, a short but stupendous conflict, the result of which has materially altered the aspect of Europe. Not only the combatants are affected by it, but also their neighbors, especially France, and the balance of power, lying heretofore in the periphery of Europe, is now more naturally located in the center. Nations, until now torn and dissected, have become united and consolidated, and many antiquated institutions, owing their birth to the dark middle ages, have been destroyed, to give way to others of a more liberal spirit. We may say then without hesitation, that this fearful struggle, though dear in blood and treasure, has not been in vain, that it has materially improved the condition of Europe; besides throwing light on many parts of the science of war. It was similar in character with our late war, in as far as it was a war of liberty and intelligence against despotism and obscurity. If this conflict could be ended in a period much shorter than that of ours, it is certainly a matter of rejoicing and demonstrates the fact, that the props upholding arbitrary power and ignorance are every day becoming weaker. On the conditions of this peace we have dwelt before. Austria has to leave the German Confederation. Prussia forms a clear union with the North, and enters into negotiations with the South, that are to settle their future mutual relations. Austria pays 20,000,000 of crowns (heaven knows where she will get them) and Prussia incorporates Hanover, Hesse-Cassel, Nassau, the city of Frankfort, Schleswig and Holstein. We see from the late telegrams, that efforts were made in Leipsic to affect a union of Saxony with Prussia, and we can really not understand, why this little spiteful Kingdom is spared the fate of the States above mentioned. It enters like a wedge between Prussia and Austria and the work of a wedge, *i. e.* dividing, it has hitherto performed with much efficiency, but that is all it can show on its record. We should consider it in the light of a great error, if Prussia would lose this golden opportunity, to get rid of the little spiteful creature at her heel, that is always ready to bite, when a chance offers. We hope sincerely that the efforts of the Leipzic people will succeed, and that Saxony will disappear in the embraces of her greater and better neighbor.

Peace has been concluded, and for the present everybody seems disposed to abide by its decision; but we confess to be much mistaken if it should prove a *long* peace. Austria accepts the terms, *because she must*, but she is chafing under her humiliation and will watch with eagerness for the first opportunity to take her revenge. This opportunity may not make its appearance soon, but whenever it comes, Austria will benefit by it. There is another reason why we do not consider this peace a very lasting one. The Emperor of France has also played a humiliating roll in it and he is not the man to pocket snubs without the resolution to repay them in kind, whenever he can, and in this light we consider the demand of territory which he sent to the Prussian Government. It is *quasi* a protest entered for non-payment of a note and will surely come sooner or later with another attempt to secure payment. He would undoubtedly have commenced war now, if he had *dared* to, and is like Austria awaiting his turn. In the meantime Prussia is continuing her glorious work, and we hope sincerely, that her position will soon be so well secured and defended that any new attempt of her open and secret enemies will prove a failure.

Italy is demanding from Austria a delivery of all the relics and treasures of art, which the latter has carried from Venice to Vienna. Whether she will succeed is very doubtful, since it would not pay to commence a new war on that account, and no stipulation to that effect is contained in the articles of peace. Paris was once called upon in a similar manner concerning the immense number of works of art, which Napoleon had stolen everywhere and carried to Paris. But that demand was made in Paris, at the point of the bayonet, and since this element is wanting in the present demand of Italy, she may not succeed in loosening the clutch, with which Austria holds the stolen property.

We hardly know what to say about the report of the Pope's intention to surrender his dominions in the hands of Louis Napoleon. It is most likely without any foundation; but in case it should be partly or entirely true, we could not help considering the Pope's expedient very poorly chosen, after the glaring failure of a similar attempt of the side of the Emperor of Austria. The Pope will not fare better than his only friend and protector, and nothing will save him from surrendering his dominions to Italy in the same unconditional manner, as Francis Joseph was compelled to do.

* * *

REPRESENTATIONS are made to the effect that the discontinuance of food distribution by the Freedmen's Bureau, was the result of presidential interposition. Such is not the fact. General Howard has always regarded the issuing of rations to citizens, black and white, as a temporary necessity, which would be obviated by the lapse of sufficient time to mature a harvest. His calculations have been verified, and hence his order to stop the distribution.

WHEN THE CONSERVATIVES started on their journey to the democratic camp they deemed it prudent to cover their real designs by various fraudulent pretexts. Among these were—

1. The allegation that they meant to fight out their differences, such as they were, inside the republican fold. They were republicans. They had no sympathies with Copperheads and traitors, and did not intend affiliation with them. They were privately consorting with them all the while, and laying their heads together for ulterior plans.

2. When they commenced proscribing republican office holders who refused to follow their lead, they trumped up the falsehood that they were displaced because of indulging in abuse of the President. They went so far as to make this allegation specific rather than general. For instance, Mr. D. N. WHITE was charged with writing leaders for this journal, sharply condemnatory of the President. It was stated, and we think truly, that some of the Conservatives went so far as to make this allegation in a formal manner, under their own signatures. The statement was false from beginning to end. Nor were the office holders removed for any such cause. It was thought wise to dissemble and falsify.

3. Then it was declared that deserving Union soldiers were to be rewarded by the displacement of civilians, and that changes were made for this purpose. Doubtless some patriot soldiers did get places, but comparatively few of the vacancies created were filled by that sort of appointees. Indeed, we apprehend a strict examination would show that more rebels and rebel sympathizers have been appointed to civil offices by the President than Union soldiers. The intention was not to reward Union soldiers, but to put forward a plausible excuse for turning out men who could neither be seduced nor intimidated.

We recall attention to these deceptions not because we delight in comment of this nature, but because it is necessary to guard against other false pretensions which the Conservatives are putting forth, to conceal the definite end they seek to attain, which is a counter-revolution which shall bring the rebels and Copperheads into power, with no abatement of their animosity either to the Union or to impartial liberty. These men have demonstrated that they are not trust worthy; that they do not say what they mean, and do not do even what they say. They are to be judged, not by their professions, but by the general drift of their conduct. By gradual but sure departures they estranged themselves from the Republicans. By moderate but certain approaches they have affiliated with the Democrats. The amalgamation of the two is unavoidable. It is no longer a question which shall swallow the other; for they have become so nearly identical that it matters nothing which is uppermost.

GEN. GRANT'S TWO SPEECHES.

Many persons are surprised that General GRANT should consent to accompany the President on his electioneering tour, and apparently lend his countenance to his official chief while enacting the part of a low partizan; but it ought to be borne in mind that men in the position occupied by himself and Admiral FARRAGUT, if required to accompany their constitutional Commander-in-Chief on the ostensible mission on which he and his party set out, could not well refuse. If, however, they wish to know what GRANT really thinks and feels about the loquacity and folly of his official superior, they have it in the neat, round shot which he sent into the President's locker, immediately after the latter had concluded his long harangue at Delmonico's, in New York. Being called upon for a speech, the General said:

"*Gentlemen*—All I can say is, if the President and his Cabinet had kept their resolution, made in secret session, to leave the Admiral and myself to do all the talking, we would have let you off to go to an early bed." (Applause and laughter.)

The rebuke was only the more keen, because so modest, so playful, and so perfectly free from anything that could be construed into disrespect or offence. Those fellows who buzz around the President, and belittle themselves that they may propitiate and please him, will have to be wide awake if they get him to endorse "My Policy," although he is with the party.

As the "noise and fun grew fast and furious" at Delmonico's, General GRANT was again called upon for a speech, to which he playfully responded:

"*Gentlemen*—I am so exhausted by the eloquence drawn from me this evening by your Mayor, that it is impossible for me to address you any further."

The rebels, under the lead of General LEE, could not manage GRANT, neither can they under the lead of their present Commander-in-Chief.

STATE RIBALDRY.

The New York *Times* of Wednesday has two articles on the failure of the Philadelphia Councils to give to its master a municipal ovation on his electioneering tour. Their taste and temper may be judged from the following extract from one of them:

"The people of the Quaker City are not greatly given to enthusiasm—indeed; it would ill befit the subdued color of their habits and the drab of their habiliments. An entertainment of 'dead ducks,' cold ones at that, is all that could be well expected of a city where Forney makes his headquarters."

That low expression, "dead ducks," was used, it will be recollected, by ANDREW JOHNSON in his 22d of February harangue to a mob in front of the White House. When it came out, an astonished reporter, who was writing by his side, looked up and exclaimed inquiringly—"*Dead ducks*, Mr President?" The other, with all the emphasis of an excited inebriate, replied, "*Yes, dead ducks!*" When the President of the United States so far forgets himself as to utter such ribaldry, and a leading journal is not ashamed to repeat it in the same spirit in which it was first uttered, it is time that thoughtful men should look out to see whither we are drifting.

HON. J. M. SCOVIL, OF NEW JERSEY.

In a recent letter defining his position, this gentleman, whose conduct in reference to the election of a New Jersey Senator last spring was so grievous to his political friends, says: "No public measure for many years has so fully commanded my mind and heart and conscience as the amendments to the Constitution proposed by the recent Congress. The defeat of this measure, so far as I can see, can only lead to future misery, injustice and oppression." He then quotes a letter which he wrote on the 27th of February last, and emphatically re-affirms its sentiments. In that letter he says:

"If Congress does not give us the Manhood Suffrage, we will have an amendment to the Constitution prohibiting representation except upon the basis of those who are entitled to vote. The deep throbbing of the popular heart cannot be baulked in its purpose. If I do not live to see it, my children will live to see the day when no man shall be denied a political right on account of his complexion."

—For a city government absolutely contemptible, Memphis may claim the medal without a contest. One day lately Alderman Burke was fined, in the police court, twenty-five dollars for striking the Mayor in the face with his fist, and Mayor Park himself was fined ten dollars and costs for drunkenness.

MRS. M. G. BROWN'S

METAPHYSICAL DISCOVERY,

Price, $4.00.

Offices—410 Arch St., Philadelphia,
51 Bond Street, New York.

No boring with instruments.
No blowing in the ears.
No snuffing up the nostrils or introducing wires.
No pouring medicines down the throat.

The METAPHYSICAL DISCOVERY will reach every spot that drugs and instruments will reach, and thousands of places besides.

Truth is mighty and must prevail; error is pregnated with death—consequently must sooner or later sink into oblivion.

ARE YOU PREJUDICED?

In consequence of the prejudice existing against patent medicines, it is my earnest desire that my Metaphysical Discovery should not be received or classed with patent medicines of the age. You ask me why? I answer, because it is a science specifically, differing in application, tendencies and results, from all other remedies and preparations which have ever gone before it. And further, because the Metaphysical Discovery is the result of inherited power to trace effects to their first cause; therefore let it be understood that the Metaphysical Discovery is not only the result of inherited power, but also the result of a life of rare philosophical research, and that too, in an unbeaten track.

Eyes, and They See Not.

Awake, ye slumbering world, and behold your-selves and your children in the prison house of disease, from the cradle to the grave, betake yourselves to thought—think and live. The world writhes in pain and passes into untimely graves. Mark, learn, that your friends die through experimenting on. Every effect driven is a death blow to the physical system. I have never met an individual who was treated for anything but effect. There are many agonizing hearts, sorrowful homes and grassy graves through the use of instruments which torture, and medicines which destroy the system.

The Discovery consists of three distinct preparations, which pass into the system by absorption through the Eyes, Ears and Scalp.

It is packed in a neat wooden case, and will be sent to any address in the world, on receipt of the above price.

CERTIFICATES OF CURES.

I, S. C. Chase, of Cambridgeport, Mass., do certify that I have been troubled with a bad catarrh for upwards of thirty years. I obtained Mrs. M. G. Brown's Metaphysical Discovery, and in ten minutes after using it found relief. I have used the medicine faithfully, and believe it went to the root of my disease, and feel as if catarrh was eradicated from my system, the foul effects of the said disease having ceased. My wife also has been suffering from a complication of diseases. On using the Discovery, clotted blood and matter rushed from her head, and she found immediate relief, and has been gaining health ever since. We heartily recommend the Metaphysical Discovery to all who suffer.

CURE OF CATARRH, ASTHMA, &c.

Mrs. [illegible], residing at No. 51 Allen street, Boston, Mass., says: "I have been troubled for years with asthma, catarrh, and sore throat. I suffered from continual pain and dizziness in my head, could not rest. For several years could not attend to my household duties, and had despaired of ever being cured. Providentially hearing of Mrs. M. G. Brown's Metaphysical Discovery, I obtained it. The result is, I am entirely cured, and determined to keep a box of it always in my house."

MRS. GEORGE [illegible]'S CERTIFICATE, OF MALDEN, MASS.

This is to certify that I have suffered for ten years from dyspepsia, catarrh, and a complication of diseases. For the past year I have been restless, and could not sleep at night. So exhausted had I become, that I was unable to do my household duties. I became so thin, that it seemed impossible to keep warm. For some time my eyes were very much diseased, and my hearing dull. Myself and friends considered me in Consumption. In this state I went to Mrs. M. G. Brown and obtained the Metaphysical Discovery. I have used one box faithfully, and no language can tell the benefit received from it. My eyes have become clear and strong. My dyspepsia is entirely gone. I can now do my own work, and feel altogether a new being. My friends say I am gaining flesh. I know if I was I could not have lived. I feel grateful to God for the benefit I have received. I recommend Mrs. M. G. Brown and her mode of treatment to all who suffer as I have done.

CATARRH CURED.—MR. JEROME [illegible], OF OLD CAMBRIDGE, MASS.

This is to certify that I have been troubled with a bad catarrh for the last five years. This winter it became unusually troublesome. I was obliged to rise at night, owing to the mucus, which would have suffocated me. I obtained Mrs. M. G. Brown's Metaphysical Discovery some weeks back, used it faithfully, and my catarrh began to give way at once. I now consider myself a cured young man, being entirely delivered from the terrible disease of catarrh. My sister has also been diseased in her head and eyes from childhood, so much so that the family thought she could not live. In the use of the Discovery she has received equal benefit with myself. We cordially recommend the Metaphysical Discovery.

MISS E. LOGAN'S CERTIFICATE.

I, Emma Logan, do hereby testify that I have had a severe cough for six years; would cough and raise for three hours at a time, often I could not lie down at night; going up stairs, any work would exhaust me. I have been taking medicine and doctoring all the time, but was still getting worse. Providentially a friend procured Mrs. M. G. Brown's Metaphysical Discovery. I have used it one week, and my cough is nearly gone. I have got rid of the tightness in my throat. I can now take a long breath, which I could not do before. I can go up and down stairs without feeling any fatigue. I feel disease is fast leaving my system. No. 371 Hanover street, Boston, Mass.

A REMARKABLE CURE.

A cure of the worst type of Chronic Sore Eyes of Twenty-five Years standing cured by my Metaphysical Discovery.

I, Eliza B. Jeffries, do certify that I have been suffering for twenty-five years with diseased eyes, taken from measles when a child. I cannot describe the nature of all my sufferings, but will state that my eyes ran corruption and water all the time. My cheeks also broke out down to my chin, and the matter from both eyes and face kept constantly dropping on my dress. All the doctors I applied to failed to render me relief, and I despaired of finding it until learning of the wonderful cures made by Mrs. M. G. Brown, when hope entered my breast. I went to see her, and brought home with me the Metaphysical Discovery. I used it according to directions, and now most solemnly and thankfully declare, that through the blessing of God and the use of Mrs. M. G. Brown's medicines I am a cured woman.

ELIZA B. JEFFRIES,

FIVE NEW CASES OF DEAFNESS IN AND AROUND PHILADELPHIA.

Noises in the Head, Running of the Ears, Stiff Neck and Sore Throat cured by Mrs. M. G. Brown, 410 Arch street, Metaphysical Physician, Professor on the Eye, Ear, Throat and Scalp.

The following persons have been cured of the above diseases, through the use of my Metaphysical Discovery:

Miss Rebecca Watson, St. Paul street, Frankford, cured of deafness and noises in the head, can now hear the children called by their names in the next house.

William Elnweehler, 1319 North Front street, a lad of about 15 years, was very deaf; can now hear the notes distinctly on the piano. Could not hear a sound before. His whole system is benefitted, as he was an invalid.

Peter Kelly, 1027 South Second street, was quite deaf in one ear, and partially so in the other, has regained the hearing of both well.

Daniel Humphreys, of Darby township, had a swelled and stiff neck for eight years; could not turn his head without turning round his whole body; had also a large lump, size of a ball, and hard, under his chin, for one year. Both have disappeared through the use of my Metaphysical Discovery.

A son of Captain David Ware, in Wilmington, Delaware, has been cured of deafness and running of the ears, of 15 years standing. Spent large sums of money on different remedies; could find no benefit; procured my Metaphysical Discovery, which immediately cured him.

CERTIFICATE FROM THE REV. P. S. HENSON, PASTOR OF THE BROAD STREET BAPTIST CHURCH, PHILADELPHIA.

From injuries received in my right eye when a boy, a chronic inflammation has been produced, in consequence of which I suffered martyrdom. Every moment of my waking life was embittered, and I was frequently unable to sleep at night. A variety of remedies has been resorted to without success, and I entertained the purpose, as a last resort, of having the ball taken out of the socket, in the hope of thus finding relief. In the meantime, most providentially, I noticed one day in a shop window a bottle of POOR RICHARD'S EYE WATER. I had never heard of it before, and I determined to try it, and did, with the most delightful results. In a few days the painful irritation was removed. I could bear the strongest light, and went forth as it were to the enjoyment of a new life. I now keep a bottle of it always in the house, and if my eye seems at all disposed to annoy me, I give it a dose, and there is an end to it. I would not be without it for any amount of money. I have occasion to say further, that my wife used to suffer severely at times from protracted pain in and over her eyes, and she has found Poor Richard's Eye Water a sovereign specific in her case, giving her almost instant relief.

Grateful to God for the benefit I have personally received, I cannot but commend the preparation most cordially to those who have suffered like myself.

Pastor of the Broad St. Baptist Church.

A Cool Proceeding.

John McClarren appeared before Alderman Morrow, yesterday, and made oath against Edward Lague for malicious mischief. The prosecutor states that he was returning from Pitt township in his own buggy, but having some business to attend to at the house of a friend, named Evans, in Pennsylvania avenue he left his vehicle standing at the door and went into the house. After remaining in conversation with his friend for almost a half an hour, he went to the door when to his astonishment the team was missing. After hours of patient searching, he found it at the Mayor's office almost totally demolished, while the horses gave unmistakable evidence of having been driven very hard. One of the night watch had found the team in a vacant lot in the Sixth ward, and on inquiry he learned that it had been left there by young Lague and a companion, whose name has not yet been ascertained. A warrant has been issued for the arrest of the parties. The whole affair was one of almost unexampled coolness and audacity, and the perpetrators should be visited by the severest penalty known to the law.

A Curious Concatenation.

The foreman of the Allegheny *Times*, in "making up" yesterday evening's edition, accidentally—of course—brought the following items so closely together as to make it appear that the first had special reference to the last. Upon looking over the paper, however, we notice that the first article properly belonged to an item on the second page, and therefore there was no "reference to allusions" intended. Here are the articles:

THE GOVERNING CLASS IN NEW YORK CITY.—The *Herald* paints vividly the working and actual state of politics in New York city when the grog-shop keepers were the ruling class, but who have been supplanted by the gamblers. Of them it says:

POLITICAL.—A large number of politicians and their adherents left for Beaver this morning for the purpose of witnessing and participating in a meeting, at which Hon. Heister Clymer, the Democratic candidate for Governor will deliver an address explanatory of his past course in the Legislature and his present policy."

Polygamist Shot.

A fellow by the name of William McClory alias Charlie McCleery, has been amusing himself of late by marrying several wives in and around McKeesport. His last victim was the daughter of Mr. James Campbell of that place, who instituted proceedings against him before Alderman Strain. Officer Sarber found the accused within about a mile of McKeesport, and took him into custody. Arriving at McKeesport, the night being dark, the fellow make a break and ran away. Sarber fired three shots at him, one of which took effect in his side but did not stop him. He was afterwards found in a barn a short distance from the town, suffering severely. His wound is not dangerous.

Western Theological Seminary.

Rev. Dr. MacMasters, D.D., L.L.D., Professor Elect of Theology, in the Presbyterian Theological Seminary of the Northwest, who has been on a brief visit to his friends in this city, left, yesterday, en route for Chicago. The appointment of an Inaugural Address by Dr. MacMaster at his induction to the Professorship of Theology in the Seminary was made without previous consultation with him. On being informed of the appointment Dr. M. expressed a very decided wish, for reasons assigned, to make no address on that occasion. None will, therefore, be expected. The opening lecture will be delivered by Professor Chas. Elliott, D.D.

Assaulted Him.—Peter Naller was before Alderman Lynch yesterday, charged with assaulting a certain Michael Doolan, without the latter giving him any provocation whatever. In extenuation for his offense, Michael alluded—in almost egotistical terms—to the fact that he had served through the rebellion with honor as a private in the gallant 102d regiment. The defence was impotent from the fact it was his peaceable character that was doubted, instead of his fighting powers, as he had convinced Peter of the latter in a very striking manner. Michael was held for a hearing.

A Kingdom in Jail.—John Kingdom imbibed too freely of certain intoxicating beverages yesterday, and the consequence was he found himself entertained in one of the cells of the city lock-up, where he became sufficiently sober to realize his position. Of course he wondered how he came there, and demanded his immediate release, but the stern Captain Lewis only smiled and shook his head saying, "Not for a kingdom would he open the prison door. John, on the arrival of the Mayor, was sent in default of one dollar fine, to the quiet seclusion of the County jail.

Another Old Citizen Gone.—Jonathan P. Ross, Esq., brother of Col. Joseph Ross of this city, and one of our oldest citizens, died at his residence in Robinson township at half past six o'clock on Thursday evening. Mr. Ross was formerly Recorder of this county, and also held a commission as Justice of the Peace in Manchester. He was sixty-three years of age at the time of his death, and leaves a large family, and an extensive circle of friends to mourn his loss.

Another Accident.—On Thursday, Charles Baldridge, of Blairsville, and Geo. W. Zellers were severely injured by the falling of a scaffold used in the erection of a new house for Mr. John S. Low, Resident Engineer of the Pennsylvania Railroad, near Wilkinsburgh. Six or seven carpenters were at work on the scaffold at the time it fell, all of whom experienced slight bruises. The height from which they fell was twenty-five feet.

Court Intelligence.—Persons having business in the Courts of Oyer and Terminer and Quarter Sessions should bear in mind the fact that by an act of assembly passed at the last session, the time of holding the above courts was changed to the first Monday of September instead of the first Monday of October, as formerly. The Grand Jury will be in session on Monday. Prosecutors should be on hand promptly.

Smashed Windows.—Elizabeth Green was before Justice Lippert, yesterday, on a charge of having wilfully and maliciously broken the windows of a house owned and occupied by William Meyers, on Pennsylvania Avenue. The matter was amicably adjusted by Meyers withdrawing the suit, and Mrs. Green paying Meyers for the damage sustained in his property, and also the costs of prosecution.

Mayor's Levee.—Five unfortunates were yesterday morning before acting Mayor Morrow, three of whom were guilty of disorderly conduct, and two were the victims of an unconquerable thirst. Two were destined to become an expense to the county for a period of twenty four hours each, while the other three contributed to the city's exchequer in the shape of small fines.

The Murderer of Capt. Menter—His True Name.—The individual who murdered Captain Almon P. Menter, in Newport, on the night of the 11th of June last, and who has since been known as Walter B. Watson, has revealed his true name. It is Allen P. Eggleston. He was born in Brooklyn, N. Y. He has been respited until December.

Cruelty to Animals.—Assistant Commissioner Dilworth, of Allegheny City, has issued orders to arrest any person or persons, who may hereafter leave calves lying upon the pavement in front of the Market House in that city, bound in such manner as to subject them to torture. The movement is a good one.

Not Out Yet.—John Loop, who has for some time past been incarcerated for shooting Ellis B. Sharpnack, at Mansfield, was yesterday morning taken before acting Mayor Morrow for a further hearing, but Sharpnack not being present, he was committed until Monday, in order to allow the prosecutor to be on hand.

The XX Inch Gun.—The government is fortunate in the possession of the best twenty-inch gun ever turned out. The one now in the lathe at the Fort Pitt Foundry has had the breech, muzzle, and a portion of the chase turned to the required dimensions, and as yet there is not the slightest sign of a flaw.

Seriously Injured.—A man by the name of Patrick Murphy was seriously injured on Thursday evening at A. D. H. Chambers & Co's. Glass House, in Birmingham, by being struck on the head by a beam which had in some manner become loose, and fell from its position.

Hard on Petroleum.—The Board of Underwriters at Cincinnati have determined that hereafter coal oil shall not be used on steamboats insured by them, and recommend the use of lard oil as a substitute on all boats whose policies do not prohibit the use of coal oil.

Another Injured.—At the time of the accident by which Mr. Reese lost his life in the coal pit at Wilkinsburgh, on Thursday, William Sloan was also injured by having his foot crushed, and his back severely hurt, making a very narrow escape with his life.

Another Violation.—Two men by the names of C. Conaway and William Jamison, were up yesterday before the Mayor for violating the ordinance in regard to allowing wagons to stand in the market space. They were both fined.

Accident.—A little son, nine years old, of Mr. Darius Hettrick, of Polk township, Jefferson County, fell through his fathers saw mill, a distance of sixteen feet, on Saturday last, fracturing his left leg and receiving many other serious injuries.

Sunday Liquor Selling.—Mrs. Dorus, a dealer in liquid death and destruction, in Poplar alley, in the Sixth ward, had judgment rendered against her, yesterday, for Sunday liquor selling, for the sum of fifty dollars and costs.

Disorderly.—Mary Murphy resides in that delectable quarter of the city known as "Hardscrabble. Yesterday Mary became disorderly, and was brought before Alderman Morrow, who fined her $5 and costs.

Cool Theft.—A clock was stolen, yesterday, by an adroit thief, from a law office, corner of Grant and Diamond streets, while the proprietor was standing in the door. The fellow made time that time.

Lecture to Young Men.—Our [illegible]ders will bear in mind that to-morrow eve[illegible] Rev. W. A. Snively, pastor of St. Andrew[illegible]ch, delivers his regular monthly sermon [illegible] young men of our city.

Brutality.—A young man by the name of McGee was sent to jail at Brookville, for shamefully beating a horse he had hired from a livery stable.

Enlargement.—The Warren *Mail* has been enlarged, and otherwise improved.

Special Caution.—Mrs. Winslow's Soothing Syrup has become so popular that various parties have put out articles calling them Mrs. Winslow's. Please take notice that the Mrs. Winslow of the Soothing Syrup is not connected with any other article. jy11:d&w

EARLY TELEGRAMS.

Another Unpublished Dispatch from General Sheridan.

NEW YORK, August 31.—It appears the following dispatch from General Sheridan was not published with the others on the New Orleans riot:

HEADQUARTERS MILITARY DIVISION OF THE GULF, NEW ORLEANS, (La.,)
August 13th, 1866.

To General U. S. Grant, Washington, D. C.—The Military Board called by General Baird to investigate the occurrences in this city of July 30th, is progressing as rapidly as possible. I see in the papers, by reports of an official character here, that an attempt was made to cast blame on the military for not being present on the 13th ultimo. There could have been no object in its being present, except to prevent the police from perpetrating a revolting massacre. Its absence for this reason I regret. From accounts of my own scouts who saw the affair from first to last, from my own officers, from disinterested and faithful persons, I believe that at least nine-tenths of the casualties were perpetrated by the police and citizens, by stabbing and smashing in the heads of many who had been already wounded or killed by policemen.

P. H. SHERIDAN,
Major General Commanding.

From Mexico—The Municipal Governorship of Mexico.

NEW YORK, August 31.—The *Herald's* correspondence from Matamoras of the 17th, says: The cause of the recent revolution which displaced Caravajal and made Canales municipal governor, is traced to the general dislike towards the former manifested by all the Mexicans in the city, caused by his having besieged the city formerly for over three months, and his American proclivities, he having, during his recent command in Matamoras, gathered around him a staff of American ex-rebels.

It is now feared that Cortinas will make an attack for the purpose of assuming command himself over the coveted city.

The French Consul at Brownsville offers transportation to Vera Cruz to all French citizens who wish to leave the country. One cargo of this class has already gone.

The Cholera in New York and Brooklyn—Arrival of Steamers—The Indian Outrages in Kansas Exaggerated.

NEW YORK, August 31.—There were no cases of cholera additional to the number reported yesterday from this city and Brooklyn. The disease is considered to have passed its worst stages.

The steamer Arizona, with California dates of the 10th, has arrived. Also, the steamer Napoleon Third, from Havana on the 16th.

Washington specials say that a dispatch to General Grant from General Sherman, dated at Fort Laramie, states that the reports of Indian outrages are greatly exaggerated. He says the telegraph wires remain uninjured, the mail runs regularly, and no parties going across the plains, properly organized, have suffered any loss.

From Canada—Discontent Among the Volunteers—Ten Thousand Regulars En Route from England.

NEW YORK, August 31.—A special from Ottawa says: The discontent among the Canadian militia at their treatment by the Provincial Government is increasing. Nearly the whole force have expressed their dissatisfaction with the service. Ten thousand troops, it is reported, are awaiting transportation in England for the colonies. Contracts for obtaining a large supply of American breech-loaders will be made, but of what patent it is not stated.

Murderer Respited—The Street Railroad Excitement—The Cholera.

CINCINNATI, August 31.—Watson, the murderer of Captain Menter, who was to have been hung at Newport, Ky., to-day, has been respited till December.

The war between the people and the street railway companies continues, but there was less excitement yesterday than the day before.

There were six deaths from cholera reported yesterday.

Sad Accident at a Pic-nic—Four Persons Drowned.

TOLEDO, O., August 31.—Yesterday afternoon during a pic-nic at Clinton Park, of the Sabbath School of Presque Isle, about three miles below the city, a party consisting of five persons, B. Holman, Everet Isherwood aged about fifteen, Florence Rhodes, Fanny Underwood and Georgiana Reed, aged eleven, thirteen and fourteen, respectively, crossed the river in a small boat, and while attempting to return to the island, the boat swamped, and all but young Holman was drowned.

The Body of Col. Dahlgren.

NEW YORK, August 31.—The *Herald's* Richmond correspondent states positively that the body of Colonel Dahlgren, of General Kilpatrick's staff, who was killed in a raid on Richmond in March, 1864, was never recovered, but that the body given his friends was a fictitious one, palmed off for some purpose unknown.

London and Continental Exchange sold at New York rates.

Gold, Silver and Coupons bought at highest rates, and Gold Drafts issued on New York.

FINANCE AND TRADE.

FRIDAY, August 31, 1866.

The New York stock quotations to-day, as received by P. H. Mertz, were as follows: Gold, 147⅛; 1881 bonds 112¾@112⅞; 5-20s, old, 111¾; do 1864, 109¾; do 1865, 109@109⅛; 10-40's, large, 102¼@102⅜; do small, 101½; 7-30's, 106⅞@105⅞; Michigan Southern R. R., 85½; Cleveland & Pittsburgh Railroad, 87; Pittsburgh, Fort Wayne & Chicago Railroad, 105¼; Erie Railroad, 73⅝; Western Union Telegraph Company, 58⅝; Chicago & Rock Island, 110; Chicago & North Western, 36½; ditto preferred, 68½.

The entire list of government bonds declined at the 2 o'clock stock board to-day in New York. There is nothing in the European news that could influence our securities, except for a rise, but the amounts offered at the different banking houses since the decline of the day before yesterday are astonishingly large, and to the pressure to sell such large amounts, the decline may be attributed.

Gold was somewhat firmer in the morning but showed symptoms of weakness towards noon. The shipments expected from Europe are used by the bear clique to depress the market in order to make up, if possible, for their recent heavy losses.

The rise in Five Twenties of 1864 was occasioned by the purchases for a German banker who had made contracts to deliver 1862 bonds below market price. By this movement he gained his point, and bonds are now lower.

Among local stocks, county five per cent. bonds are most desirable, as the interest is promptly paid, and the county is retiring a certain per centage of these bonds annually after the taxes are received. We understand some sales have been made recently at [illegible] the county has taken some at about that figure.

—The great whirl of excitement in the "Hub" is to found in copper stocks, to the almost exclusion of every thing else. The Boston *Advertiser* says:

"The interest in the list of copper mining shares continues to increase, and the books of the brokers as they return from the daily sessions of the stock exchange are eagerly sought after by crowds of anxious parties who have at last come to the conclusion that a strong, healthy and active market can be maintained in Boston for a considerable length of time. Some parties speak of the market as *excited* while looking over the sales at the stock boards during the past week, but to others it looks (owing to the ease in money and the difficulty in making what some people call *safe* investments) as if parties who have *ample means* had, under the guidance of one shrewd financial operator, placed their money in the productive and substantial mines of Lake Superior; and it is stated with great confidence that at least three companies will pay dividends in the month of October. Should this be the case—and it is stated that they have fairly earned the money—then the present price for the leading mines is not too high; and from present appearances, judging from the market at the close of the Open Board, prices are destined to go much higher."

—The Philadelphia *Ledger* says, "there is a report current that Mr. McCulloch has under consideration the project of availing himself of the state of the demand for Government securities by selling at the market price an adequate amount of the Five Twenty bonds. He will thus draw into the Treasury the premium on the bonds, and will have the distinction of selling the Five Twenties at a higher price than has ever yet been obtained for them by any previous Secretary. The money market is abundantly supplied at 5 per cent, and loans are making at 4, and even at 3, in certain cases. The large issues of currency from the Treasury tend to increase the abundance of idle funds seeking employment and to facilitate the movements of capital in the loan market. Several causes, however, are now combining to retard and check the development of the morbid and mischievous ease which was anticipated, and prominent among these is a pervading incertitude as to what Mr. McCulloch will do in regard to contraction of the currency. He is pledged to do something in this direction at the earliest possible moment. His paying off of the temporary deposits removes the chief obstacle in his path. Every one is now anxious to know what course he will adopt, and to measure, in anticipation, the force and direction in which it will move the money market."

—The interest on the government temporary loans, about $30,000,000, ceased on Monday, and disbursements are making so that accounts are demanded by the depositors. Stock jobbing parties who want to buy government bonds and other securities at or under present quotations, and who find difficulty in doing so to the extent they require, are using the fact of these disbursements as an argument to prove that the money market will be tightened thereby, because the payments, they say, will be made in national bank notes. This statement is incorrect, but even if the whole amount were paid in national bank notes, it nevertheless forms an addition of about $70,000,000 to the money already in circulation among the banks and community, and in what way an addition to the circulation of $70,000,000 of anything that passes for money can tend to tighten the money market is not evident to those possessed merely of common sense and practical business experience.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
FRIDAY, August 31, 1866. }

CRUDE—There is no improvement to note in the demand for Crude, and the market is dull and weak, though as yet, prices remain unchanged at 16 to 17, bbls returned, and 21@22 bbls included; and these may be regarded as the extremes of the market. We can report sales of 180 bbls at 16½; and 225 bbls "Smith's Ferry" at 16½. We hear it intimated that holders are offering to contract on first water at 16½, but there appears to be but few buyers, and, as a general thing, refiners manifest a disposition, where it is possible, to hold off as long as possible, in hopes that by doing so they will be enabled to buy at a reduction. This is the true condition of the market at present, and this view of the matter is generally conceded by both "bulls" and "bears."

REFINED—There was a slight improvement to note in the market for bonded oil to-day, and spot oil is a shade better, while for future delivery, there is but very little inquiry, and prices are entirely nominal. We can report a sale of 1000 bbls, on the spot, in Philadelphia, at 45, and two lots of 500 each for September delivery in Philadelphia, seller's option, at 45. The slight advance in the price of spot oil in the east, is in consequence of a pressure to fill out vessels now loading for European ports, and this being the case, it is altogether probable that the advance will not long be sustained, without in the meantime, foreign advices of a favorable character should be received, and this is not expected in the face of the recent heavy exports.

ARRIVALS—The arrivals of oil reported to-day were as follows:

Fisher & Bro	153	Ecky & Robbins	66
Baxter & Ellison	376	A. L. Linton	55
Brewer & Burke	326	C. H. Dyenke	50

PITTSBURGH IRON MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
FRIDAY, August 31, 1866. }

The transactions in metal have again been fair this week, and with a good demand and light receipts, the market is firm and prices are well sustained. Of some descriptions of metal the market is almost entirely bare, and and especially is this the case in regard to desirable brands of Hanging Rock. The receipts of eastern irons continue fair, but the supply of all kinds is very much reduced, and some of our brokers are sold ahead. Blooms firm with a good demand but unchanged. The following sales were reported:

Chicago Lumber Market.

CHICAGO, August 30.—Trade in yards for bill stuff and fencing is quite active at $25 per m ft, but many dealers refuse to sell for less than $22, and are holding off. St. Louis buyers are piling a good deal lumber in South Branch yards, to be forwarded before the close of canal navigation. Logs are selling on the Mississippi at $20 per m in the boom in the river. Some are of the opinion that common lumber will go to $25 in the yards before the close of navigation. All are watching the weather on account of corn. Two weeks more without frost will put it out of danger, and when it is settled that the crop is safe, then the farmers will pitch in and buy. Several States are wholly or in part dependent upon Chicago for their supply of lumber, and we look for an active trade this fall.

There is a good demand for shingles, with a supply just about equal to the demand, and we shall look for a more uniform range of prices than heretofore. At $5 per m they are counted to be equal to the average of Green Bay lumber at $20@22.

Lath are very scarce and high—higher in proportion than anything else in the lumber line.—*Journal*.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, }
FRIDAY, August 31, 1866. }

There is really nothing that is new or important to say about the produce markets. The movements in all of the leading commodities are somewhat restricted, though in the aggregate, there is a fair volume of business for this season of the year. In values, the fluctuations have been very slight, though in some things the tendency is downward.

ASHES—The demand is more active, as the glass manufactories are again resuming operations, but prices remain unchanged. Sales of Soda at 6 for common and 6½ for Refined; and Pearls at 15.

APPLES—Continue dull with a supply considerably in excess of the demand, though the arrivals are beginning to fall off slightly. We quote at $1,50 to $2,50 per bbl, as to quality.

GRAIN—Wheat is firm but unchanged, with sales of Spring in small lots at $2,30 to 2,35. Oats very dull, with a supply largely in excess of the demand; sales on track and in elevator, at 39 to 40. Sale of 1 car shelled Corn at 75½, and 1 do do, prime at 77. Rye is quoted at 92@93 for Western.

FLOUR—The receipts are increasing somewhat, and the market is little dull and a shade easier. Prices, however, in a small way, remain unchanged at $11 to 11,50 for Spring, and $12½ to 13 for Winter. Small sales of Rye Flour at $6,50.

PROVISIONS—Bacon is quiet and unchanged at 17½ to 17¾ for Shoulders; 19½ to 20 for Ribbed Sides; and 25 to 26 for Sugar Cured Hams. Lard is quiet and unchanged at 22 to 22½ for kettle. Small sales of Mess Pork at $33,50.

SEEDS—Timothy Seed is in good supply and dull but unchanged. Sales to the trade at $4, and in small lots at $4,25 to $4,50. Flaxseed is in demand at $3. No movement in Clover.

BUTTER—Is firm, and the demand is fully up to the supply; sales of packed at 24 to 25, and 28 to 30, for prime Roll, of which there is but little offering.

EGGS—Scarce and higher; sales to the trade at 21c, and in a small way, may be quoted at 22c.

PIG LEAD—Sales at 12c.
LIME—Small sales at $2 per bbl.
OIL—No. 1 Lard quoted at $1,75.
SORGHUM—Dull and nominal.

The general market is extremely dull and depressed with a reduction of from 25 to 50c per 100 lbs on medium and lower grades of stock.

For choice shipping lots there is no material change in values, but shippers are holding off on account of the large amount of stock in Buffalo and en route for Albany. Several very fine lots are in the yards, but do not attract any attention, owing to the dull state of the Eastern markets.

RIVER NEWS.

The river remains about stationary with twenty-seven inches in the channel by the marks. The weather yesterday was warm and cloudy with slight indications of rain. Business dull, and the wharf presents a gloomy and deserted appearance.

The Forest City and Leni Leoti arrived from Parkersburg, and the Leni cleared again. The Ida Rees is loading for Cincinnati.

Some brilliant chap proposes, through a card to the Cincinnati papers, that boats be made to carry a steam guage in the cabins so as passengers can explain the cause of explosions should they happen to bust, like that would no any good.

The litter steamer Emma Logan was sold by the United States Marshall yesterday, to W. W. Moore and George Zaver for $3,200.

Says the Louisville *Democrat*: Steamboat runners in Memphis have to pay $100 tax per year. Besides they must prove themselves good, honest, upright, straightforward men. We know of a few that are not *straightforward*—always."

The Messenger was raised by the Underwriter yesterday week, and towed to Cairo. The R. M. Bishop, due at Louisville on Thursday, has a part of the Messenger's freight.

We find the following items in our St. Louis exchanges:

Jas. McCord & Co. is the title of a new steamboat agency and commission house just started here. They have the Clara Dolsen in hand to-day, loading her for New Orleans. Capt. McCord was formerly the most popular agent in St. Louis. His partner is Mr. D. Ahearn, an active young man, who is well-known to boatmen. He has been for years shipping clerk for Mepham & Bro., etc.

The Ohio is again falling fast. On Tuesday there were twenty-six inches on the falls at Louisville, and four feet two inches in the canal. ......Michael Dee, late barkeeper of the Julia, died on Tuesday night and was buried yesterday. A subscription, generously headed by the house of A. Jones & Co., is being gotten up for the destitute family of deceased......We were in error yesterday in reporting the death of Wm. Hamilton, chief engineer of the W. R. Arthur. It was Wm. Hamilton Rowe, striker, who died. Mr. Rowe was a new of Mr. Hamilton, and a young man of fine promise.

Business begins to show some signs of revival. The cholera is rapidly disappearing, and country merchants are beginning to arrive to purchase their fall stocks. The reports from every quarter speak encouragingly of the coming fall business. The crops are good, and the grain trade from above will be unusually heavy, while there will be a fair trade South, if not a brisk.

The Cincinnati *Commercial* of Tuesday, says: Capt. W. W. Fenton is rapidly recovering from his recent illness. He intends to load the Silver Spray for New Orleans, after the Maggie Hays. Capt. Ben M. Bush, of the office of the Spray, was also in the city yesterday. ......Jas. W. Gaff, Esq., Superintendent of the Nashville and Cincinnati Packet Company, returned from his Eastern and Canadian tour yesterday......The Arabian is reshipping her St. Louis Freight on the Havana. The Arabian will probably load for Pittsburgh. ......The Henry Dean is the next Dean Line packet for Memphis......One item of the Pine Grove's cargo was 1,300 sacks wheat...... ......Wm. W. Greene, late of the J. R. Gilmore and Mr. M. Lanigan and lady, late of Pike's Opera-house Company, were among the Minneola's passengers for Memphis. ......The Nightingale brought up several animals, wagons, &c., belonging to Mike Lipman's menagerie. ......A pair of chimneys for the Alabama River packet Onward, manufactured by C. T. Dumont, of this city, were shipped for Mobile yesterday by the steamer Minneola. They go to Columbus, Kentucky, by River, and thence to Mobile by rail...... Capt. T. Dean, Superintendent of the "Dean Line," arrived from New York yesterday...... ....Capt. J. C. Reno also arrived from Pittsburgh.

A SUBSTITUTE FOR PADDLE WHEELS.—The system of propelling vessels by means of the reaction of water is being extensively experienced upon in various parts of the world, and it is but the revival of a plan proposed many years ago. By this process the water is sucked in by means of force pumps, and is then forced out in a number of small streams at the stem and stern of the vessel. These streams striking the water on which the vessel floats, cause a sort of reaction which propels the vessel. Boats propelled in this manner are in use in many parts of Europe, and one in particular being employed as a ferry boat on the Clyde, in Scotland. The system, however, although long known, has never been very generally adopted. The advocates of it claim that by it vessels can attain a much higher power with a less consumption of coal than is possible with paddles or screws; that the steering is easier and more certain, and that the shaking of the vessel caused by the movements of the large engine, always necessary for a paddle wheel or screw steamer, is avoided. In the new system the force pumps for moving the water get their power from several small steam engines.—*Phila. Ledger*.

Says the Cincinnati *Enquirer*, of Thursday: The underwriters gave public notice yesterday that they would not take risks on freight on barges, towed by steamboats, beyond Cairo, and gave notice to shippers that they would not insure on barges towed by the Maggie Hays to New Orleans. It is not to be understood that they refuse to insure on the boat, but only on the barges towed by her beyond Cairo.

MEDICAL.

GREENBACKS

ARE GOOD.

BUT

ROBACK'S BITTERS

ARE BETTER,

Roback's Stomach Bitters,

After years of experience and trial, have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the weak, impart vigor to the strong, and in all respects restore shattered and broken down constitutions. No remedy has been received with as much favor as ROBACK'S STOMACH BITTERS.

GREENBACKS

ARE GOOD,

BUT

It is admitted by our most learned physicians that DR. ROBACK'S BITTERS combine the properties of a gentle laxative, an efficient anti-billious agent and the best stomachic known to the world.

ROBACK'S

BITTERS should be used by convalescents to strengthen the prostration which always follows acute diseases.

In the billous districts of the West and South, there has, for a long time, been much needed, an article of Stomach Bitters, which, if taken in proper quantities and at the proper time, are a sure preventative of

Bilious Fever, Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaints, and all Diseases of a similar nature, and

Are Better

As a preventive for bilious derangement, regulating the system, and giving tone to the digestive organs, than any other known remedy.

Now that the war is over, there will be thousands seeking homes in the South. No person who values his life should go there without having constantly on hand the BITTERS, as a safeguard against epidemics and maladies engendered by miasma and poluted water

Travelers to and all residents of the rank river bottoms of the west and south, and the valley of the Mississippi and its tributaries, should provide themselves with the
